

vProtect 365

All-in service package

Our vProtect 365 all-in contract is designed to give you peace of mind. This contract covers customized services specific to your machine and fleet.

Highlights

- Covers **all repairs** if not caused by improper use
- Covers **all maintenance tasks** included within vProtect XLM
- Includes all necessary **parts, labour and travel**
- **Flexible payment** through monthly, quarterly or annual instalments

Your benefits

- **Budget security:** Costs become transparent and predictable and the costs of downtime and repairs are avoided
- **Optimally maintained machines:** maximization of the lifetime and residual value of your machines
- **Higher reliability and increased machine uptime:** which results in cost savings and greater efficiency
- **Expert advice:** on machine operation and servicing, through our resident experts

Features

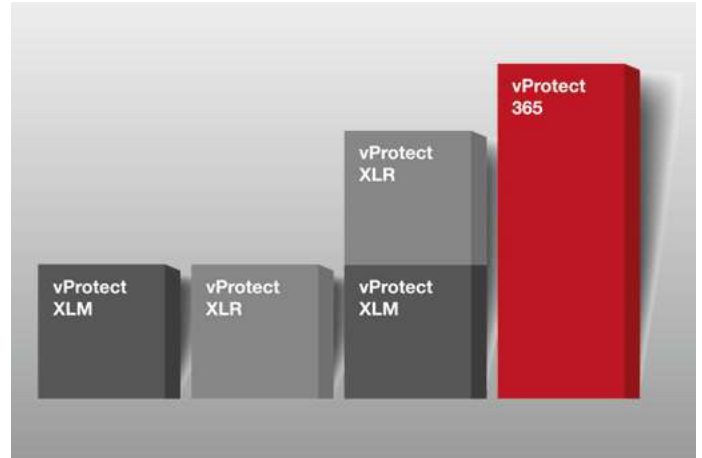

Our offer

As working tools, your machines are in use almost around the clock. Repairs are therefore unavoidable. With a vProtect 365 contract we have you covered. Every repair that is not caused by improper use is included with your package*.

Our vProtect 365 contract delivers value for money, maximises utilisation and ensures reliability. We get the best performance from your equipment and ensure value for money to all our customers.

We work continually with our customers, suppliers and partners to analyse all business variables, such as machine utilisation, fleet size and task specifics, to provide the best maintenance levels to avoid any unnecessary breaks in service. Regular and well-executed servicing maintains and prolongs the life of your equipment.

A vProtect 365 contract, with set monthly costs also gives you absolute planning security for your cost budget.
