Serialnumber: S115261
Running hours: 100 h
Condition: Class 4
Location: Switzerland
3401 Burgdorf

Price: **On request**

The humus SME is designed for the universal use. With its extremely compact and low construction and a hydraulic drive the SMK is particularly suitable for all two-wheel tractors. Beyond that an adjustable mounting system allows a perfect adaption to the carrier vehicle. In this category the SME series is unique. The solid and torsion-free housing and the solid bearings on the rear roller and rotor shaft make these mulchers absolutely reliable partners, even with the professional user!

Gallery

Equipment

Range of use	Mulching of corn stover
Basic equipment	Brake gear to stop the rotor shaft
Mounting on following single axle tractors possible	Rapid
